"Just wanted to say a huge thank you for organising this event, it was **extremely eye-opening and inspiring**. I felt empowered listening to the journey's of 3 women in very different careers, break barriers and overcome stereotypes **that still challenge young Sikh women today**. Having a panel allowed us to get the answers to questions we've all asked ourselves when faced with diversity due to our gender and race. **I really enjoyed the networking before and after the panel as it allowed me to meet so many like-minded people** that have had similar experiences to me and share the same desire to succeed in our careers. Thank you again, **I'm excited to see what you guys have in store next!**"

"This event has made me conscious of the challenges women face in managing cultural, family and career aspirations. The event was educational for everyone, including the responsibility for men in being able to support women in being able to juggle all of these factors."
